

Note: ...

- Let $x = 3 - 4i$. Find $\bar{x}$.
- $\overbrace{1 + 2 + 3 + 4}$.
- $\overbrace{1 + 2 + 3 + 4}^{10}_9$.
- Find $\text{sinc}(3)$.
- If $\gamma \geq \pi$, $\Gamma < \infty$, and $\mathcal{A} = \phi$, find $\dots$.

- Given the table

x	f(x)
1	2
3	0
5	-3

Approximate $f'(3)$ and $f'(1)$.
